

# Telephone Befriending Service for Carers

Many Carers are unable to leave the person they care for, or have little or no other conversation than that of practical or medical needs for the person they support.

Our Telephone Befriending service provides:

- A friendly phone-call for companionship
- A listening ear and support to isolated Carers living in Derbyshire (not Derby City)
- A call each week from one of our friendly volunteers

Priority will be given to those Carers who have little or no contact with family, friends or their local community, due to their caring role.

If you, or someone you know could benefit from this service contact 01773 833 833 or email [info@derbyshirecarers.co.uk](mailto:info@derbyshirecarers.co.uk)
